

Theo Fritsche Juving school project

Introduction

The school at Juving was damaged by earthquake. Currently the students are studying out in temporary building made of bamboo.

There are about 250 students in the school who come from 6 different Village Development Commit (VDC). The school has class till Grade 10 (SLC) and the students range from Age 4 to Age 18.

In the school there are total of 13 Teachers. Out of them 9 of the Teacher get their salary from the government and 4 of them are paid by the school by collecting money from the villagers.

The earthquake damaged few of the buildings of the school and no they wish to make a new one to accommodate the students as they are studying in temporary shelter right now.

Plan for New building
